**Iowa DOT ADA Sidewalk Project.** Sidewalk removal and replacement has begun on the south side of Main Street, with much having been poured. However, the sidewalks on both sides of Main Street have to be poured before the next contractor can do the overlay on Hwys 64/136/Main Street. The sidewalk contractor will focus on getting both sidewalks poured so the overlay can be done. The sidewalks will be backfilled after the overlay is done. This means there will be trenches along side the sidewalks for some time to come. The sidewalk and pavement overlay projects are directed and funded by the DOT. Pictures are attached.

### **Doctor, doctor, give me the news!!!**

Taylor Wherry, 2008 Midland graduate and 2012 Iowa State graduate, has received her PhD from Iowa State co-majoring in Microbiology and Immunobiology. She worked at the USDA National Centers for Animal Health and her research project involved investigating the role of vitamin D3 in regulating immune responses in dairy cattle at different stages of Johne's disease, a chronic wasting condition of ruminants. She was also nominated and selected for an ISU Research Excellence Award in May 2022.

She hopes to secure a position as a research scientist or medical writer in the biotechnology sector, hopefully in the Iowa City area with her fiance Jonathon.

Congratulations, Taylor!!!!!!
