

SCHOOL SPIRIT

June 2021

Hi everyone,

As we transition into the summer we have several things going on in the Monticello Community School District. The second week of June we will be updating the road around the middle school. We are going to asphalt the road which will be a 1000% upgrade from the condition it is in now. We will also be starting summer Panther Academy the first week of June and they are packed with several fun summer events for the kids. Drivers Education will start right away in June. This should be completed around the first week of July. High School summer school will begin right away next week. We will be calling you the first

week of June if your student has failed a course and needs credit recovery. K-8 Summer School is scheduled to begin, and run, for two weeks in August. It will be a "kick start" program which will help our students get ready for the upcoming school year. We have sent out letters already to those families that have a student that qualifies. Also, it is baseball and softball season so get out the sunflower seeds and sunscreen as it should be an exciting summer.

What are some things you can do this summer to help your child continue to advance academically? Read, Read! Reading is a key to success academically in school so practice reading . . . A LOT! If your child is younger, read aloud. Read part of the page and let them finish. They will really enjoy reading to you, and you will be surprised how much they will improve if you do that every day. If your child is older, work out some rewards for reading. Money can work, but also ice cream is great. If you have a big family, just create some one-on-one time with your child as a reward. You can play games or just hang out with the time they have earned. Just be creative and keep them interested.

As we end the final chapter of the 2020-2021 school year, we are all moving back to "more normal" than we have been in a very long time. I hope you can all begin to enjoy family gatherings, going out to eat, the movies, sporting events, etc. with a new appreciation and gratitude. Gratitude is knowing that everything you have, you could suddenly not have. That seems appropriate for the last 14 months. I ask all of you to focus on what is positive in life. If we all do that we will tend to see more positive in the people around us. I think everyone in our community is ready for that.

So have a wonderful start to your summer! As always, if you have any questions please feel free to send me an email or give me a call anytime. Thank you for your continued support of the Monticello Community School District.

Sincerely,

Dr. Brian Jaeger, Superintendent brian.jaeger@monticello.k12.ia.us

YOU

Thank you to our Board of Education, staff, students, and parents for all you have done this school year!

Silver Service Cord

High School students, summer is a great time to get started on earning your Silver Service hours.

The goal of the Silver Service Cord is to recognize students who have contributed to their community or school by volunteering their time and talents. An increasing number of scholarship applications require applicants to list service and experiences. Volunteer time often leads to employment and future educational opportunities as well as enabling students to understand the connection between school, work, and community. Interested MHS students must complete 300 hours of service during four years of high school starting with the summer after eighth grade, to receive the Silver Service Honor cord on Senior Honors night. For more information visit our website: http://www.monticello.k12.ia.us/silver-service/

IMPORTANT!

Tips for Keeping Children Engaged During the Summer

For many families, summer break is not full of endless activities that can keep their kids engaged for multiple months. While children may greatly enjoy free time at first, this lack of routine can quickly spiral into boredom. Even during summer, it is important for kids to keep some of their structure, organization, and activity that may be easier to find during the school year. Here are 6 ideas about how to do that.

Schedule Fun.

Together with your children, come up with a list of family activities that individuals want to do and your family can afford to do this summer (trip to zoo, camping, fishing ect.) and map out activities on a calendar. This gives your children (and you) something to look forward to.

Resist the urge to overschedule.

During the school year, students' lives are tightly scheduled. While having consistent routines are important, try and not confuse this with over planning each hour of every day all summer long.

Set aside time each day.

Even if it is something small like reading for 15 minutes, running through a sprinkler or roasting marshmallows, try and make some time for your kids every day.

• Encourage your child to try something new this summer.

New activities promote brain development and can improve your child's creativity and focus, so try and encourage them to try something new. This could be a new sport, hobby, or activity.

Limit Technology

It is easy for any of us to get caught up in technology. However, limiting technology and replacing that time with outdoor activities, reading, or social interaction can be both physically and mentally healthy.

· Create Structure and Set Boundaries.

While they may not be the same as school routines, keeping some parts of the day the same (i.e. bed-time, chores) can help structure your child's day and decrease behavioral problems.
