Hello everyone,

It is hard to believe that we are in May already. The year seems to be moving along quickly but if I were to ask any senior they would say it is not moving fast enough. I have talked to many of them and they are very ready for the end. I think we can all remember the end of our school career when we could not wait to “finish the race” so to speak. I wish there was a way to help them to understand that they should stop and appreciate the moment. I guess that would be like asking a runner to slow down and appreciate the race 100 yards from the finish line. It is probably not going to happen.

I would like to congratulate all of our seniors and wish them the best as they move into the last month of their high school career. We are currently finalizing plans for graduation which will be held on the football field at 2pm, May 28. Let’s hope the temperature is 75 and we have a sunny graduation day. I would love to send the class of 2023 off with a wonderful program on a beautiful day.

If you are a parent of a senior, congratulations to you too! It is a lot of hard work to get to this point. Helping with homework, concerts, sports, school play, speech, drama (not the good kind), this week my friends are so important and next week getting left out of the sleepover, skinned knees, learning how to ride a bike, birthday parties, learning how to drive a car, dating, breaking up for the first time, PROM, 4H, boy scouts/girl scouts/campfire girls, getting a job, balancing their time, getting good grades, taking Kirkwood classes, selecting a college, financial aid, etc....this list could go on and on. WOW it is a lot of work being a parent. I know that graduation is only a ceremony but as a parent, at some point this summer, it will hit you that this chapter is coming to an end. My advice is to appreciate it, celebrate it, and when they walk across that stage, it is emotional and AWESOME! I hope you feel that sense of pride when you see them get that diploma. They have earned it and so have you!

For the students in all of the other grades, the last day of school this year will be Thursday, June 1st. We will have a 1pm dismissal on June 1st. Let’s hope for no more delays or cancellations so that date does not have to change.

As always, if you have any questions please feel free to send me an email or give me a call at any time. Thank you for your continued support of the Monticello Community School District.

Sincerely,

Brian Jaeger, Superintendent

DAY OF CARING

Monticello High School is teaming up with the City of Monticello Parks and Recreation Department as well as the Main Street organization to organize the annual Community Day of Caring on May 12 from 12:30-2:30 pm. This year we are asking for donations to help us purchase supplies such as rakes, brooms, gloves, buckets, and scrub brushes so we can do even more to help keep our community looking amazing. We have some big things planned this year! We greatly appreciate anything you can give to help!

May 26 is the last day to purchase the 2023 MHS Yearbook.

Attention 4th grade parents! In April and May, Mrs. Ellis and Mr. Garringer will be visiting with 4th grade classrooms at Sacred Heart and Carpenter to begin the process of recruiting members for next year's 5th grade band. There will be a scheduled "video/demonstration day" for each class, and "instrument matching" time for individuals. It's a great opportunity for students to learn about band, and all students will get to participate regardless if they are planning to join band or not. It's a great time to start discussions at home about the possibility of joining our band family next fall! If you have questions at any time, please contact Mrs. Ellis at ellen.ellis@monticello.k12.ia.us

CLASS OF 2023

COMMUNITY CONNECTION

A mental illness is a condition that affects a person's thinking, feeling, behavior or mood. These conditions deeply impact day-to-day living and may also affect the ability to relate to others. Mental health conditions are far more common than you think, mainly because people don't like to, or are scared to, talk about them. However:

- 1 in 5 U.S. adults experience mental illness each year
- 1 in 20 U.S. adults experience serious mental illness each year
- 1 in 6 U.S. youth aged 6-17 experience a mental health disorder each year
- 50% of all lifetime mental illness begins by age 14, and 75% by age 24

There are many tools that can improve the experience on the road to wellness: medication, counseling/therapy, social support, and education. Acceptance and encouragement from friends, family and others can also make a difference. Monticello Community School District has been able to bring awareness and meet mental health needs by hiring a school based therapist for the district. With the collaboration between the school counselors, school social worker, and school based therapist, the district has resources to offer to all students that are in need. Remember, **YOU ARE NOT ALONE.**
