NEW STUDENTS: WELCOME! If you have a student new to or returning to our district please call **319-259-5340** and talk to a secretary so we can get you a preregistration form to complete, which will get your child into PowerSchool and get you a parent account set up so you can Eregister.

Eregistration will open up **July 17th** – parents log into your **Powerschool parent account** and go to **FORMS** and **1. Student Demographics** – the system will walk you through the forms until you get to the end which is 8. Acknowledgement of Completion.

Please be careful when doing **Student Contacts** – edit anyone who is listed there, be sure to choose what rights you give them (pick up student, emergency contact, etc). Do **NOT** add anyone who is already listed on this page, edit that information instead. **DO Add New Contact** for anyone who is not there that you want to be able to pick your child up in case of emergency. *For emergency contacts we just need a name and phone number (we do not need address, email, etc).*

Eregistration help will be available - sign up for a time to come get help with the e-registration process by either calling 319-259-5340 or emailing Michelle mihansen@midland.k12.ia.us or Erika at etubbs@midland.k12.ia.us
